    <label class="label label-success"> 群组成员 </label>
+    <%= link_to("Quit Group", quit_group_path(@group), method: :post, class: "btn btn-default"
  ) %>
  <% else %>
    <label class="label label-warning"> 不是群组成员 </label>
+    <%= link_to("Join Group", join_group_path(@group), method: :post, class: "btn btn-default"
